### **HAMPTON INN WASHINGTON DULLES SOUTH COMPLETES \$1.5M RENOVATION**

#### ***RENOVATIONS PART OF HAMPTON'S NATIONWIDE BRAND REDESIGN***

CHANTILLY, VA – The HAMPTON INN WASHINGTON DULLES SOUTH has completed a 1.5 Million Dollar Renovation and upgrade in order to provide outstanding guest experience and to embrace the Hampton brand nationwide brand redesign. The renovation will touch every aspect of the Guest Experience.

Changes throughout the hotel can be divided into four overall areas that include:

- **The Welcome**—The changes start at the entrance with new outdoor planter gardens, “red carpet” welcome mats, new black and white artwork in the vestibule and newly renovated lobby, and a compilation of music played throughout public-space areas that celebrates travel. Complimentary wireless high speed internet available throughout the lobby and breakfast areas. Additional casual seating has been added to the lobby, along with a 42” flat screen TV, as well as several small work areas perfect for laptop use. An enlarged business center was added to meet the needs of guests traveling without a computer. The center includes two spacious work stations with computers and printer.
- **Guest Room and Bathroom Upgrades**—As a new standard service, guest room lighting and temperature are pre-set for comfort for each guest. A portable “lap desk” is available in every room for use with laptops, reading or eating. Each room offers high-speed Internet access. Most noticeable is Hampton’s signature alarm clock radio, engineered by the chain to provide easy-to-find music stations AND universal easy-to-follow instructions for setting the alarm – a common frustration for travelers. Other amenities include new plush pillows and bath towels, curved shower rods, a redesigned shower curtain that let’s light “in;” a nightlight and a totally new line of signature Hampton bath products called “Purity Basics.” Additionally, guests will enjoy Cloud Nine, the Hampton Bed experience.
- **Meeting Room Facilities** – To suit the need of the business traveler, meeting rooms have been upgraded to include wireless internet capabilities, granite counter display areas and enhanced lighting and artwork.
- **“On The House Hot Breakfast” and “On the Run Breakfast Bags”**—The complimentary breakfast is revamped with new offerings which include a new hot menu daily and breakfast for those on the run. Its breakfast offerings take into account a variety of tastes and low-carb diets, from eggs and sausage to waffles and French toast sticks. The Hampton “On The Run Breakfast Bags” are another new innovative concept for the hurried traveler in the morning, and will be available on kiosks at the front desk, complimentary, Monday through Friday. Each bag contains fruit, a Kellogg’s® cereal bar, an Otis Spunkmeyer® muffin and bottled water.

As the first hotel brand to introduce a 100% Satisfaction Guarantee, 100% Hampton Program, Hampton is re-invigorating the guarantee with renewed emphasis of its promise on signage, key cards and in other areas. The Hampton guarantee is the brand’s most powerful program, still committed to promising satisfaction with each stay, or that stay is free.
